PAOLO PANGALLO

Junior AI / Machine Learning Engineer | LLM systems, Retrieval, Software

Rende (CS), Italy | +39 375 771 5263
github.com/PaoloPangallo | linkedin.com/in/paolo-pangallo-9aa456170/

SELECTED ENGINEERING PROJECTS

MCP E-Commerce

Agentic shopping assistant: MCP tools, eBay integration, retrieval and React interface.

MTB GraphRAG - Master's thesis

Research architecture for evidence retrieval, provenance and claim verification.

Cable Instance Segmentation

Instance segmentation for thin cables using RF-DETR and image-based workflows.

Full-Stack E-Commerce

Java / Spring Boot and Angular commerce application with APIs and persistence.

EDUCATION

MSc Computer Engineering - Artificial Intelligence

University of Calabria | 2024 - present | Thesis in progress

BSc Computer Engineering

University of Calabria | 2020 - 2024

TECHNICAL SKILLS

AI / ML	PyTorch, scikit-learn, GNNs, computer vision, reinforcement learning
GenAI	LLMs, RAG, GraphRAG, MCP, LangGraph
Backend	Python, Java, FastAPI, Spring Boot, PostgreSQL, Neo4j
Engineering	Git, Docker, Linux/WSL, React, TypeScript, REST APIs

CERTIFICATIONS & ADDITIONAL TRAINING

Cambridge English - B2

European Patent Office (EPO) | Oct 2024 - Jan 2025

Create - Protect - Innovate: Bringing Ideas to Market | Entry level, UV03-2025

OTHER AI WORK

Cephalopod AI | LLM + PDDL Planning | Graph Paper Recommender | SUMO MARL

Portfolio: paolopangallo.github.io/PaoloPangallo/

Selected projects are research / portfolio work. Details and source code are public on GitHub.
